Trevor Allen

WEB DEVELOPER

Profile

Certified Full-Stack Web Developer with experience in Node.js and Wordpress. Competent in HTML, CSS, JavaScript, TypeScript, React, PHP and other industry standard tools. Preference for Front-end development in an agile environment.

Employment History

Web Developer, Connexus Credit Union, Wausau

MAR 2023 — PRESENT

- Developed and maintained connexuscu.org using JavaScript, Typescript, PHP, HTML, and CSS.
- Helped develop and transition from a traditional WordPress website to a Headless site powered by Node.js
- Worked directly with UX designers to implement user interface designs and optimized application performance for enhanced user experience.
- Collaborated with cross-functional teams in Agile sprints for project delivery.
- Integrated APIs and third-party services to enhance functionality.

Web Implementation Specialist, Connexus Credit Union, Wausau

OCT 2021 — MAR 2023

- Published and validated content updates across all of the Credit Union's digital properties, including Connexuscu.org, online-banking platform, and merger-related websites through Wordpress
- Assisted Web Developers with the coding, editing and maintenance of all digital properties and employee facing projects as assigned
- Worked with the UX Designers to produce and maintain a strong user experience
- Supported Marketing campaigns as needed with landing pages, Google Analytics tracking, site personalization, and A/B split testing

Programmer, Big Fat Designs, Wausau

SEPT 2021 — OCT 2021

- Used HTML, CSS, and Javascript to convert designs into final formats
- Assisted the company's efforts in developing and designing various projects.
- Created wireframes, storyboards, user flows, process flows and sitemaps to communicate interaction and design ideas
